### Atampt 1720 Answering Machine Instructions

I had the old cheaper A.T. & T. answering machine for about 10 years before it quit working. You plugged it in, set the clock and recorded your announcement and it worked perfectly. If a new message came in, the message light blinked to show a new message had been received and when played back, it showed the time the message was received.

### Amazon.com : AT&T 1710 Digital Answering System ...

Answering Calls. When the system answers a call, the caller hears the announcement you recorded, followed by a beep. After the beep, the system begins recording the caller's message. While the system is taking a call, the Message Window displays “—”. NOTE: To conserve memory, messages are limited to a maximum of 2 minutes each.
