The AU featured Ford's New Edge design style, and an optional IRS, for the first time on a Falcon. The IRS was a double wishbone design on an isolated subframe, standard fitment on the XR6 VCT, XR8 and Fairmont Ghia, and was an option on most other sedan models (although not with limited slip differential - this combination was reserved for IRS XR models).

Xh Falcon Wiring Diagram
The Ford Falcon is a full-sized car that was manufactured by Ford Australia from 1960 to 2016. From the XA series of 1972 onward, each Falcon and range of derivatives have been designed, developed, and built in Australia, following the phasing out of the American-influenced Falcon of 1960 to 1971, which had been re-engineered locally as the XX to XY series for the harsher Australian conditions.

Ford Falcon (Australia) - Wikipedia
The FALCON 7X is a tri-engine long range business jet (19 passengers maximum). The particular structural features of FALCON 7X compared with the other aircraft in the FALCON family are: - A fuselage longer than the falcon 900EX but with a similar diameter. - The new design of wings fitted with winglets. - The windshields structure.
