In these cases, law firms can reduce their security burdens with data storage and transfer tools that already support privacy compliance. File-sharing services are one such tool, and the legal field increasingly uses these products.

However, many attorneys still have concerns about whether this is an

Orsi's approach to legal practice is pragmatic and her enthusiasm often infectious. For publicly minded lawyers or law students seeking new opportunities, looking to stay ahead of the curve or simply trying to understand the phenomenon that is the sharing economy, 'Practising Law in the Sharing Economy' is essential reading.
